

Fact Sheet 02

xero

Get your invoices paid efficiently with Xero

Supercharge invoicing and get paid up to twice as fast with Xero invoicing and online payments like Stripe & GoCardless*

Simplify your invoicing with Xero

Save time, and get paid faster with online payments

1 Set up one-off and repeating invoices in Xero

Xero lets you create beautiful one-off or repeating invoices. Branding themes, inventory items, and customer specific settings give you flexibility to create professional looking invoices.

2 Take the work out of chasing payments

Easily see if a customer has seen, opened, or paid an invoice. Set up customised invoice reminders and let Xero send them automatically when an invoice is overdue.

3 Set up online payments

Xero customers who use online invoice payments get paid up to twice as fast compared to those who don't. Accept online card payments with Stripe and direct debit payments with Go Cardless - allow your customers to pay quickly and easily.

Benefits of online payments

Let your clients pay you instantly

Connect Apps Stripe or GoCardless in Xero to add a 'Pay now' button, making it fast and easy for your clients to pay.

Keep it simple and manage it all in Xero

Simplify your workflow and run your entire accounts receivable process in Xero. From invoicing to payments to reconciliation.

Safe, secure, and low transaction fees

No sign-up or monthly charges, just low transaction fees charged per successful transaction.

*Xero customers who use online invoice payments get paid up to twice as fast than those who don't use online invoice payments.
